COURSE DETAILS

Examination

The course is examined at the end of Year 13.

Component 1: Theatre Workshop (Year 1)

This component requires students to demonstrate skills and understanding in performance; either as actors or designers. In the study of this component students will perform in, or design for, a scripted monologue or duologue performance and write a creative log exploring the process of developing the performance work as well as develop a reinterpretation of a scripted extract and perform in, or design for it.

Component 2: Text in Action (Year 2)

This component requires students to demonstrate skills and understanding of text based and devised performance, as well as the ideas and influences of particular theatre practitioners, companies and styles. In the study of this component students will devise and either perform in, or design, two pieces, and write a process and evaluation report exploring how both pieces were researched, developed and evaluate the dramatic effectiveness of the work.

Component 3: Text in Performance (Year 1 and Year 2)

This component is a written exam. Students will study three set texts: *Machinal*, *Saved* and *The Curious Incident of the Dog in the Night Time* from the perspectives of directors, actors and designers. In the study of this component students will develop understanding of the texts' original performance conditions, explore how the texts could be interpreted from a performance, design and directorial perspective, and develop ideas for the staging of the texts, demonstrating how the theatre they have seen has influenced them
